NT POWER shall provide *Consumers, retailers and generators* with non-discriminatory access to its *distribution system*, in accordance with its licence and subject to this *Conditions of Service* document.

NT POWER shall *connect a building* to its *distribution system* if the *building* lies along any of the lines of its *distribution system* and the *Applicant* or other *Person* in charge of the *building* requests the *connection* in writing.

NT POWER shall sell *energy* to every *Person* connected to its *distribution system*, except a *Person* who advises it in writing that the *Person* does not wish to purchase *energy* from NT POWER.

If NT POWER is unable to provide a remedy to resolve the issue, it is the responsibility of the *Applicant* to do so before a *connection* may be made.

4. Liability

Notwithstanding the above, NT POWER shall not be liable under any circumstances whatsoever for any loss of profits or revenues, business interruption losses, loss of contract or loss of goodwill, or for any indirect, consequential, incidental or special damages, including but not limited to punitive or exemplary damages, whether any of the said liability, loss or damages arise in contract, tort or otherwise.

5. Indemnity

The *Consumer, Applicant* or *generator*, shall indemnify and hold harmless NT POWER, its directors, officers, employees, and agents from any claims made by any third parties in *connection* with the construction and installation of a *generation facility* by, or on behalf of, the *Consumer, Applicant* or *generator*.
